July 2023

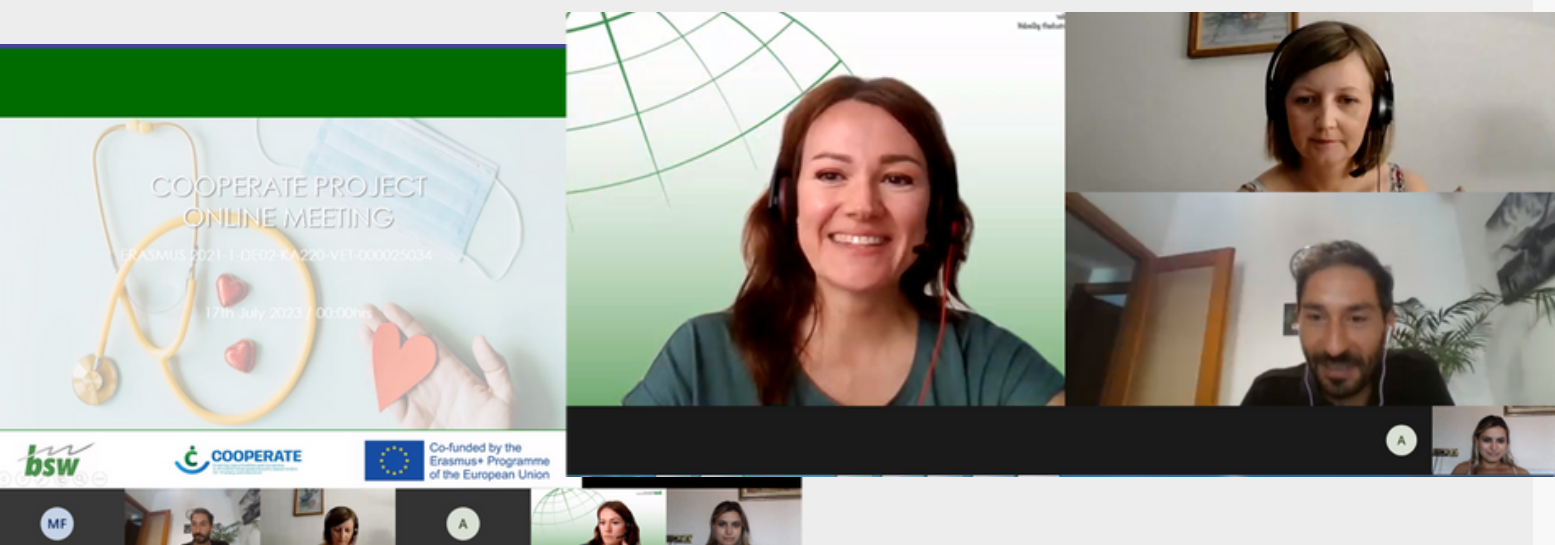

Updates on the project

In July, the consortium of "Creating Opportunities and Occasions to Promote a European Results-based Action for Training and Education – COOPERATE" project gathered for an online meeting in order to evaluate the project's progress and decide on the next steps and dates.

The contents of the course modules are in the stage of being digitalized and a focus point of the discussion was the enhancement of the digital content.

The course will be accessible from the month of October 2023 and it will be available in the following languages: English, German, Greek, Italian, Spanish, and Polish.

Separate multiplier events for stakeholders of the health care sector will be organized and take place between November 2023 to January 2024.
